

## Board of County Commissioners

**To:** Town of Lyons  
**Date:** September 8, 2016  
**Re:** Restrictions on Transfer and Use of HMGP and CDBG-DR buyout properties

---

### Restrictions on Transfer of HMGP and CDBG-DR Buyout Properties

The County and the Town of Lyons have agreed that, for buyout properties purchased with Hazard Mitigation Grant Program (HMGP) and Community Development Block Grant – Disaster Recovery (CDBG-DR) funds in the Lyons Planning Area, the County will transfer ownership of such properties upon the request of the Town.

The HMGP and CDBG-DR programs impose restrictions upon the transfer of properties purchased with the grant funds of each. The consequences for violating the restrictions for use of the property are reimbursements of the grant funds used to acquire the properties at issue or court action to compel performance. These requirements are briefly summarized below.

#### *HMGP*

Under the HMGP program, FEMA requires a model deed restriction be imposed on each buyout property. The deed restriction requires that the county obtain written approval of the FEMA Regional Administrator, through the State, prior to any transfer. After transfer, the property will be subject to the restriction on the use of the property and to applicable FEMA regulations, rules, and requirements. The FEMA regulations that the deed restriction mirrors require that the proposed transferee sign a statement acknowledging and agreeing to be bound by the terms of the regulations. (*See* 44 C.F.R. 80.19(b)(1).) Either FEMA or the State may enforce the terms of the agreement against both the County and Lyons in the event of a violation of the deed restriction. The FEMA-approved deed restriction is attached.

#### *CDBG-DR*

Under the CDBG-DR program, transfers are not restricted by the use covenant required by program rules, but the County may wish to consult with the agency administering the CDBG-DR grant funding agreement prior to transfer to ensure the County remains in compliance with the grant agreement. The restrictions on the allowable uses of the property, however, will continue. A change in use of the property would likely require reimbursement from the County of the grant funds used for purchase. (*See* 78 Fed. Reg. 14,329 (March 5, 2013), which states: "Any property

Cindy Domenico County Commissioner    Deb Gardner County Commissioner    Elise Jones County Commissioner

acquired, accepted, or from which a structure will be removed pursuant to the project will be dedicated and maintained in perpetuity for a use that is compatible with open space, recreation, or wetlands management practices.” *Also see* 24 C.F.R. §§ 570.208 & 570.205.) The approved covenant for CDBG-DR buyout properties is attached.

#### Restrictions on Use of HMGP and CDBG-DR Buyout Properties

In addition to the HMGP deed restriction and CDBG-DR use covenant (*see attached*), other regulations and rules restrict the post-buyout use of property. Please also note that as long as the properties remain in the unincorporated County, the Boulder County Land Use Code, including the Boulder County Floodplain Regulations, apply.

##### *HMGP*

In addition to the deed restriction, the use of properties purchased with HMGP funds is subject to 44 C.F.R. § 80.19, attached, which contains additional clarification on allowable uses and specifics on what allowable uses do not include. (*See, e.g.*, 44 C.F.R. 80.19(a)(1) & (2).)

##### *CDBG-DR*

78 Fed Reg 14329 (5 March 2013), attached, specifies additional restrictions on buyout properties (*see attached*). Properties purchased through a buyout program may not be redeveloped, except as specified in the use covenant. (See 78 Fed Reg 14345, Paragraph 31.b.).

## **HMGP SAMPLE MODEL DEED RESTRICTION**

In reference to the property described in Exhibit A to the attached Warranty Deed (“Property”) from [name] participating in the federally-assisted acquisition project (the “Grantors”), and the County of Boulder, (the “Grantee” or the “County”), its successors and assigns, the undersigned Parties agree as follows:

### Recitals

- B. The mitigation grant program provides a process for a local government, through the State, to apply for federal funds for mitigation assistance to acquire interests in property, including the purchase of structures in the floodplain, to demolish and/or remove the structures, and to maintain the use of the Property as open space in perpetuity;
- C. The State of Colorado has applied for and been awarded such funding from the Department of Homeland Security, Federal Emergency Management Agency and has entered into a mitigation grant program Grant Agreement with FEMA which is incorporated herein by reference; making it a mitigation grant program grantee;
- D. The Property is located in Boulder County, and the County participates in the National Flood Insurance Program and is in good standing with NFIP as of the date of the Deed;
- E. The County, acting by and through the Boulder County Board of County Commissioners, has applied for and been awarded federal funds pursuant to an agreement with the State of Colorado dated August 13, 2015 (“State-Local Agreement”), and herein incorporated by reference, making it a mitigation grant program subgrantee;
- F. The terms of the mitigation grant program statutory authorities, Federal program requirements consistent with 44 C.F.R. Part 80, the Grant Agreement, and the State-Local Agreement require that the Grantee agree to conditions that restrict the use of the land to open space in perpetuity in order to protect and preserve natural floodplain values;

Now, therefore, the grant is made subject to the following terms and conditions:

- 1. Terms. Pursuant to the terms of the Hazard Mitigation Grant Program statutory authorities, Federal program requirements consistent with 44 C.F.R. Part 80, the Grant Agreement, and the State-Local

Agreement, the following conditions and restrictions shall apply in perpetuity to the Property described in the attached deed and acquired by the Grantee pursuant to FEMA program requirements concerning the acquisition of property for open space:

- a. **Compatible uses.** The Property shall be dedicated and maintained in perpetuity as open space for the conservation of natural floodplain functions. Such uses may include: parks for outdoor recreational activities; wetlands management; nature reserves; cultivation; grazing; camping (except where adequate warning time is not available to allow evacuation); unimproved, unpaved parking lots; buffer zones; and other uses consistent with FEMA guidance for open space acquisition, Hazard Mitigation Assistance, Requirements for Property Acquisition and Relocation for Open Space.
- b. **Structures.** No new structures or improvements shall be erected on the Property other than:
  - i. A public facility that is open on all sides and functionally related to a designated open space or recreational use;
  - ii. A public rest room; or
  - iii. A structure that is compatible with open space and conserves the natural function of the floodplain, including the uses described in Paragraph 1.a., above, and approved by the FEMA Administrator in writing before construction of the structure begins.

Any improvements on the Property shall be in accordance with proper floodplain management policies and practices. Structures built on the Property according to paragraph b. of this section shall be floodproofed or elevated to at least the base flood level plus 1 foot of freeboard, or greater, if required by FEMA, or if required by any State, Tribal, or local ordinance, and in accordance with criteria established by the FEMA Administrator.

- c. **Disaster Assistance and Flood Insurance.** No Federal entity or source may provide disaster assistance for any purpose with respect to the Property, nor may any application for such assistance be made to any Federal entity or source. The Property is not eligible for coverage under the NFIP for damage to structures on the property occurring after the date of the property settlement, except for pre-existing structures being relocated off the property as a result of the project.
- d. **Transfer.** The Grantee, including successors in interest, shall convey any interest in the Property only if the FEMA Regional Administrator, through the State, gives prior written approval of the transferee in accordance with this paragraph.
  - i. The request by the Grantee, through the State, to the FEMA Regional Administrator must include a signed statement from the proposed transferee that it acknowledges and agrees to be bound by the terms of this section, and documentation of its status as a qualified conservation organization if applicable.
  - ii. The Grantee may convey a property interest only to a public entity or to a qualified conservation organization. However, the Grantee may convey an easement or lease to a private individual or entity for purposes compatible with the uses described in paragraph (a), of this section, with the prior approval of the FEMA Regional Administrator, and so long as the conveyance does not include authority to control and enforce the terms and conditions of this section.

- 5 **Amendment.** This agreement may be amended upon signatures of FEMA, the State, and the Grantee only to the extent that such amendment does not affect the fundamental and statutory purposes underlying the agreement.
6. **Severability.** Should any provision of this grant or the application thereof to any person or circumstance be found to be invalid or unenforceable, the rest and remainder of the provisions of this grant and their application shall not be affected and shall remain valid and enforceable.

[Signed by Grantor(s) and Grantee, witnesses and notarization in accordance with local law.]
