Find	**94.**	The constant stale mate in town politics that prevents positive progress and the rigidity of the "old guard" not wanting change. Lack of full service grocery store.	Mon, 3/23/09 7:38 PM
Find	**95.**	Lack of a safe bike path to Boulder or Longmont.	Mon, 3/23/09 6:43 PM
Find	**96.**	downtown business district needs updating	Mon, 3/23/09 4:12 PM
Find	**97.**	The fact that most Main St. businesses have 'For Sale' signs on them. There seems to be a real depressed 'Ghost Town' feeling to the majority of businesses. I wish there was more activity. And I wish there were more quality services that would attract me (including a decent grocery store and better quality/diverse restaurants). I think its critical to develop businesses responsibly and aesthetically appropriate. And I also hate that there's a Subway in the middle of town (what an tacky eyesore). I can't believe the town allowed that. Also, the parks can get a bit over-crowded on nice weekends.	Sat, 3/21/09 10:57 AM
Find	**98.**	anti-growth, anti-progress, lack of grocery store, lack of viable businesses (restaurants, shopping)	Thu, 3/19/09 12:36 PM

Find	**108.**	The downtown is a little depressing. What could be a thriving, interesting, attractive area feels expired, outdated, and poorly funded. I also am not a fan of hwy 36 blazing through the middle of the town and feel something should be done to slow traffic from mall where food and flicks is located westward.	Tue, 3/17/09 12:17 PM
Find	**109.**	The people that want to change Lyons for the wrong reasons and personal greed or gain, the crowded bus in the morning and the ridiculous bus that RTD thinks is okay for 17 mile ride to Boulder, stoplights, no pool or golf course, utility lines overhead, no Comcast, too many streetlights some of which are invasive and annoyingly bright, speed traps, a growing sense of the haves and have nots, that our water is not ours, high property taxes, not enough concern for the history & preservation of Lyons	Tue, 3/17/09 11:54 AM
Find	**110.**	The downtown feels like an old expired town that once was happening but now can barely keep storefronts open. No grocery store. Having to cross either hwy 7 or hwy36 to get anywhere via foot or bike without much help from crosswalks, stop lights, etc.	Tue, 3/17/09 8:35 AM

Find	**138.**	Developers trying to Telluride us with Townhouses	Sat, 3/14/09 6:40 PM
Find	**139.**	I hate the High Street "improvement"! There is not a grocery store. Restaurants are either expensive or you run the risk of food poisoning. Downtown is dead/unattractive. Ridiculous intersection on west end of town. Failing sewer treatment plant. Overhead powerlines and overgrown trees. The "supermarket" is unsanitary and decrepit and I won't buy food there. Ridgeline building of houses.	Sat, 3/14/09 6:20 PM

Find	**156.** the downtown area appears (and is) desperate for business	Thu, 3/12/09 7:57 PM
Find	**157.** seems like everything is for sale no nice healthy place for a vegetarian to eat lack of character in the new subdivisions Seems like we are not unified as a town - this plan is GREAT - good luck!!	Thu, 3/12/09 2:47 PM
Find	**158.** Everything. The downtown is a joke. We don't need the speed trap, and we don't need local government. We should let the county take over.	Thu, 3/12/09 11:28 AM
Find	**159.** Lack of services - grocery store, deli, restaurants.	Wed, 3/11/09 2:56 PM
Find	**160.** Lack of vibrancy downtown. History of town undermining business.	Tue, 3/10/09 10:28 PM
Find	**161.** Hate the JUNK lying around, including old cars, old trucks, trash on the streets, old, run-down houses! Also don't like dogs off leash, too many options for bad outcomes coming in contact with unfriendly dogs.	Tue, 3/10/09 6:41 PM

Find	**163.** lack of a 'real' library and the dying downtown economy	Tue, 3/10/09 1:38 PM
Find	**164.** The people in this town that won't let Lyons progress into what it needs to be. There is not much to do on Main Street. Needs to be more shops and better parking. We need a good grocery store, and to re-do some old buildings.	Tue, 3/10/09 11:59 AM
Find	**165.** no easy walkway from our neighborhood to town	Tue, 3/10/09 10:32 AM
Find	**166.** Strong divisiveness within the fabric of the town between old-time, lifelong residents and newcomers - this split continues to sap energy for creating something new. Also, lack of supermarket to anchor town commerce and	Mon, 3/9/09 11:29 AM

	overall anemic retail/shopping experience.	
Find	**167.** The invasion of Boulder minded/thinking/acting people.	Mon, 3/9/09 10:54 AM
Find	**168.** lack of restaurants, culture, good grocery store and the fact that it does not look very well kept as you come into town	Mon, 3/9/09 8:31 AM
Find	**169.** A small group of "anti" folks seems to have a disproportionate amount of power.	Sun, 3/8/09 1:14 PM
Find	**170.** Many ideas have been put forward to enhance the small town and community character while drawing more visitors and revenue to Lyons. But they have been shot down by a small minority of residents who oppose any form of change, who see threats instead of opportunities to make the town even better. The town leadership can do a better job of being more actively inclusive of all residents. They should "campaign" and introduce themselves during town events instead of limiting to socializing with residents they already know, regardless of election cycles. The town is small, it's not that hard to be more proactive about getting to know as many residents as possible.	Sun, 3/8/09 12:42 PM
Find	**171.** The appearance of junkiness in outlying areas. The broken down vehicles and junk yards are embarrassing and unappealing!	Sun, 3/8/09 9:40 AM

Find	**174.** that people are wanting more rules, wanting to homogenize it	Sat, 3/7/09 4:20 PM
Find	**175.** No. If there is something I don't like, it is outweighed by the fact that I believe in the right of people to be different from one another. If everyone liked everything in this town, we would all be clones, living in Stepford.	Sat, 3/7/09 12:01 PM
Find	**176.** too unprogressive, too many people do not want improvements around town, the town looks tacky and run down	Sat, 3/7/09 11:10 AM
Find	**177.** Nimby attitude	Sat, 3/7/09 8:40 AM
Find	**178.** Lack of adequate retail (mainly grocery). Restaurant establishments like Black Bear Inn and Andreas need painted. Feel this makes a bad impression on tourists.	Fri, 3/6/09 4:46 PM
Find	**179.** Not really. If the downtown had more complete services it would be great, but overall a great place	Fri, 3/6/09 4:07 PM
Find	**180.** Lack of a full-service Grocery Store. Downtown needs some tender, loving care.	Fri, 3/6/09 9:02 AM
Find	**181.** Too much discord and conflict when issues arise, Town Government could do a better job at customer service, small improvements in cleaning up and putting in planters etc could go a long way. Need a better library space (and service).	Fri, 3/6/09 3:45 AM
Find	**182.** The downtown plan is flawed, does not realistically plan for future. There is no implementation, not enough parking, does not include alleys.	Thu, 3/5/09 5:38 PM

Find	**183.** Would be nice to have more/better amenities (grocery store, bigger library, etc.) in town to avoid trips to Longmont or Boulder for these services.	Thu, 3/5/09 5:09 PM
Find	**184.** I like to think positive. The past is history, the future a mystery, and today's a gift.	Thu, 3/5/09 2:01 PM

Find	**186.** No grocery store	Thu, 3/5/09 10:41 AM
Find	**187.** The disregard/unenforcement of Lyons municipal code.	Thu, 3/5/09 12:09 AM
Find	**188.** Town could have a better communication system between Town Board and residents.	Wed, 3/4/09 8:59 PM
Find	**189.** It used to be more dog friendly. As Lyons has developed more housing projects, people moved in that SAY they like Lyons as it is, but actually seem to want to turn it into a suburb of Boulder. (Dogs must be leashed, "Let's have trailheads, but put them in neighborhoods outside city limits because we don't want strangers coming into OUR neighborhoods"--that sort of attitude.	Wed, 3/4/09 5:46 PM
Find	**190.** No grocery store, no bike lane on 36	Wed, 3/4/09 5:11 PM
Find	**191.** The lack of pedestrian safety.	Wed, 3/4/09 2:23 PM

Find	**193.** sad to see main st with so few successful businesses.	Tue, 3/3/09 5:01 PM
Find	**194.** The group in town that seems to oppose everything new-- I agree with some of their positions, but I feel they take it too far and are too myopic in their approach.	Tue, 3/3/09 3:46 PM
Find	**195.** I do not like the lack of effort and resources put into Main St. I do not like the 50 foot rule limiting the ability of new and small businesses to thrive downtown.	Tue, 3/3/09 2:03 PM
Find	**196.** I do not like the fact that old timers do not want any change and new folks don't like to appreciate the good things here and want to change everything. There is little civil discussion of common interests.	Tue, 3/3/09 12:03 PM
Find	**197.** Hostility of some people who do agree with others view points. Nimbyism.	Mon, 3/2/09 10:25 AM
Find	**198.** Cemex. Waste treatment odor. Lack of speed enforcement near high school. Too many street lights.	Sun, 3/1/09 11:23 PM
Find	**199.** Shortage of buses to town(boulder), lack of grocery store	Sat, 2/28/09 2:02 PM
Find	**200.** In a town that is rapidly running out of money, I see what seems to be a lot of spending (hiring Mr. Armstrong, full insurance for town employees, some raises for town employees in an environment when most other individuals are not receiving any raises even if they are deserved). I'm afraid that we're doing a lot of great planning, but that we're spending too much time planning without actually starting things that will bring in money	Sat, 2/28/09 12:38 PM

	to town. Also, I would like to see what Mr. Armstrong is doing other than setting up committes. The town brought him in at a much higher salary than the previous one in his position. I think they expected him to immediately start doing things to help bring in money to the town. I would like updates on exactly what he is doing. I don't know him personally and he's probably a nice individual, but if he's making 80K and if he has such experience, he should have already done many things to change Lyons. Perhaps he has and I don't know about them??	
Find	**201.** Some oleder properties are in need of clean up such as old cars, debris, dead trees etc. Especially the properties on the main drags and close to parks.	Sat, 2/28/09 11:13 AM
Find	**202.** The town is dirty	Fri, 2/27/09 7:13 PM
Find	**203.** There is an old guard core group that are opposed to every new improvement in town. Also, there are not sidewalks between Stone Canyon and 5th Ave on most of Main and Broadway roads. This is a CO highway - can't they be asked to build them? And, the price of water and sewer is way too high. Some of the downtown core area appears dumpy.	Fri, 2/27/09 1:43 PM
Find	**204.** indoor recreation for adults and children lacking, signal at the highway and McConnell drive.	Fri, 2/27/09 11:22 AM
Find	**205.** "old" Lyons thinking	Thu, 2/26/09 5:04 PM
Find	**206.** The lack of some residents support for well planned growth and change that is positive and beneficial for the community.	Thu, 2/26/09 3:12 PM
Find	**207.** Lack of amenities - ie you can't buy to much in the way of clothing or (grocery) food.	Wed, 2/25/09 2:59 PM
Find	**208.** People would prefer to fight and resist progress than to be positive and look to the future	Wed, 2/25/09 9:30 AM
Find	**209.** Rundown appearance	Tue, 2/24/09 4:22 PM
Find	**210.** must leave town for children's sports, would like a more attractive and viable downtown	Tue, 2/24/09 12:55 PM

Find	**1.**	1. Grocery store - one where most or all of shopping can be done 2. Extend trail system to connect with Longmont and Boulder trails. 3. Traffic light at HWY 66/36 and McConnel/Stone Canyon. This is a major safety issue at this time.	Sat, 5/9/09 2:29 PM
Find	**2.**	built out trails, nature areas, no more big ugly house built on hills	Fri, 4/24/09 12:38 PM
Find	**3.**	An intact town. Would like Lyons to stay smallish. Local, intact community. Create more revenue, locally. A swimming pool would be awesome!	Tue, 4/21/09 6:18 PM
Find	**4.**	It would be great if Lyons was about hte same as it is today in 30 to 40 years.	Tue, 4/21/09 6:09 PM
Find	**5.**	Lyons should stay very similar to what we have now but with better bike paths leading out of town. The 36/66 section by Diamond Shamrock is dangerous. there should be much more frequent bus service to Boulder. Need top quality schools and a community swimming pool and a tennis court that we can charge out of towners to use.	Tue, 4/21/09 6:04 PM
Find	**6.**	A town well connected internally (walk and bike in town) and externally with bus service to Boulder and Longmont. Minimal sprawl and cookie cutter houses. Housing that is somewhat affordable (like Longmont). Continued arts options, music and all others.	Tue, 4/21/09 5:54 PM
Find	**7.**	I think Lyons is a great place to live. School, recreation and housing are all good. Limited space here in Lyons means it can only grow so much, but I hope Lyons can remain financially stable and keep its open land.	Tue, 4/21/09 5:40 PM
Find	**8.**	Easy transportation and continued beautiful surroundings and parks.	Tue, 4/21/09 5:33 PM

Find	**12.**	Better transportation. Grocery store. Charge money to non residents for use of parks in summer.	Mon, 4/13/09 6:32 PM
Find	**13.**	A town with a network of bike and pedestrian friendly paths/sidewalks that connect the community to benefit every one. Businesses that thrive on residents and passers-by. An rtd line that commutes on the weekend and transports to Longmont. A seasonal water feature play park for little kids.	Mon, 4/13/09 3:42 PM

Find	**15.**	Self sufficient small community.	Mon, 4/13/09 2:07 PM
Find	**16.**	Lyons is still and will always be a bedroom community. We have no industry except for stone yards and quarries. Trustees took away a million dollar business by taking away our water treatment and water. The	Mon, 4/13/09 11:51 AM

		festivals contribute to the economy- but they are seasonal and most residents don't care to attend!	
Find	**17.**	Leave Lyons as it is - a small town.	Mon, 4/6/09 12:35 AM
Find	**18.**	Just like it is now - small town, country, non-citified, non-homogenized, the hills surrounding the town undeveloped, the countryside approaching town undeveloped, low overhead of government/town of Lyons - don't need a zillion services or building projects - keep town unspoiled.	Sun, 4/5/09 11:02 PM
Find	**19.**	Local jobs, network of skill/needs locally, money kept locally, gardens for veggies/flowers all in yards and public areas, med/small grocery store w/ natural organic local goods, nice weekend Farmer's market, small theater/music venue for community plays, films, shows. Find	**25.**	Vibrant downtown	Sun, 4/5/09 3:21 PM
Find	**26.**	More of a self-contained community: available healthcare and basic shopping sources for staples, clean air to breathe, attractive, appears as though people take pride in their town and property, neighbors respecting each other, clear deliniation between commercial/industrial areas and residential areas.	Sat, 4/4/09 6:26 PM
Find	**27.**	a similar town with sidewalkds and a greater diversity of housing types to choose from	Fri, 4/3/09 3:24 PM
Find	**28.**	A place where everyone can be openly accepted and supported socially and for their vision for the town. A town where closed-minded people can be open to change.	Wed, 4/1/09 10:22 PM
Find	**29.**	a vibrant community that is self-sustained with affordable housing, more places to shop and work, integrated retail-living spaces, mecca of art & music, well-managed government, more aesthetic appeal of buildings and properties inside and outside of town.	Mon, 3/30/09 6:15 AM

Find	**31.**	Still surrounded by open space, safe hiking around town, a "splash" of city amenities available so you don't have to drive to other towns to shop and eat.	Sun, 3/29/09 10:35 PM

Find	**32.**	Vibrant community of small shops, music venues, art and antique stores and good restaurants.	Sun, 3/29/09 10:06 PM
Find	**33.**	A place where you can leave your doors unlocked. A place where you can take time to talk to the kid at the St. Vrain Market without being in a hurry. A place where community is valued more than money., A place for people who don't want to live in Highlands Ranch.	Sun, 3/29/09 9:57 PM
Find	**34.**	Better public transportation, very good educational standard and more unique shops.	Sun, 3/29/09 9:43 PM
Find	**35.**	Same size, more public transportation, preserve our open space & schools, great music like now, more art.	Sun, 3/29/09 10:15 AM
Find	**36.**	A more viable downtown with diverse businesses, restaurants. More trails. Recreation center with pool. "Beautifying" the town (landscaping/trees.) Small grocery store.	Sat, 3/28/09 11:24 PM
Find	**37.**	Safe bike lanes, more lights on Hwy 66 so crossing traffic is safer. A larger grocery store, more housing on larger lots, revamp downtownto reflect more upscale ambience to attract more visitors.	Sat, 3/28/09 4:53 PM
Find	**38.**	Would liek to see the Town had grown to a maximum of 25k in population; a "good", well-stocked, well-run grocery store; a recreational facility (owned and operated by town) with indoor pool, track, workout equipment. Public transportation to Longmont would be nice! if we can increase the population "base" the "amenities" or service businesses will come. If our population doesn't increase, businesses can't make it.	Sat, 3/28/09 4:37 PM
Find	**39.**	A small town, surrounded by open space, accessible to community members and to visitors, with a focused downtown that has businesses and facilities to meet the everyday shopping and service needs of community residents and of tourists, and with a social gathering places for conversations, meetings, and entertainments. A town with honest government and excellent schools, and where people feel safe.	Sat, 3/28/09 4:20 PM
Find	**40.**	It would be nice if Lyons could stay the small close knit community it is today. I believe we can attain this and grow simultaneously by keeping our schools and community programs a priority. It would be great to have more frequent and expansive transportation to Boulder, Estes Park, and Denver. I see a small town full of small business that thrive and many seasonal events that bring in revenue. It seems one positive about events bringing in revenue for a town like Lyons is it allows the town to keep the same feel and does not change the long term demographic.	Sat, 3/28/09 12:12 PM
Find	**41.**	Successful restaurants & businesses. More open space in town.	Sat, 3/28/09 11:19 AM
Find	**42.**	A power grid that is "off the grid." Solar power, wind power. WE have an abundance of these resources. Homes that the "kids" can keep on using.	Sat, 3/28/09 11:04 AM
Find	**43.**	Lyons is a beautiful spot with a lot of character in its historic buildings. I think it needs to attract more people here as a tourist destination to stimulate economy. I've often thought a spa or bath house combined with the recreational activities and a nice hotel might draw people here.	Sat, 3/28/09 10:54 AM
Find	**44.**	Too broad a question! Lyons should be a functional town with all services	Sat, 3/28/09 10:28 AM

		and good schools.	
Find	**45.**	I would like Lyons to be a self sufficient town with a grocery store, a variety of restaurants, retail stores, etc. A place that people can come visit for a day trip. We have a good, caring, dedicated community. Additional support for business- recreational based manufactures (kayak company, climbing gear, bike stuff, etc) Alternative energy businesses based in town. Having a popular item brand marked 'Lyons Co' does a lot to attract attention to town. More support for solar, wind. More trees on Main. Arts & music. More than Planet Bluegrass.	Sat, 3/28/09 10:16 AM
Find	**46.**	A holistic community that is self-sufficient, progressive, clean, updated, thriving, economically sound. Good schools, appropriate businesses/services, safe pedestrian access, attractive main street for locals. All while preserving Lyons unique, small community oriented feel.	Thu, 3/26/09 10:55 PM
Find	**47.**	A town that maintains its small town feel while incorporating the latest technology, public transportation, and a grocery store! I'd like it to be a place I don't have to leave in order to go to a store, rec center, or job. But when I did leave, I'd like it to be by bus or train.	Thu, 3/26/09 10:19 PM
Find	**48.**	A town that is still small & friendly but can support itself better economically. It should be easy for pedestrians & bike riders to get around town & still have fabolous parks & open spaces. One medium sized grocery store would be nice.	Thu, 3/26/09 5:25 PM
Find	**49.**	A thriving small town that has a locally based economy that attracts outside money. Smart infrastructure and amenities.	Thu, 3/26/09 4:21 PM
Find	**50.**	A focused & active Downtown with vibrant restaurants & entertainment. Active community involvement in Lyons outdoor activities.	Thu, 3/26/09 3:32 PM
Find	**51.**	continue support of music. More trails (connection to Longmont/ Lyons to Boulder) Youth Center with live music/open mike nights, casual place to hang out and drink herbal teas, play games, field trips. (something other than softball)	Thu, 3/26/09 2:00 PM

Find	**53.**	one thats not old fashion, has wildlife, and good shopping!	Thu, 3/26/09 12:53 PM
Find	**54.**	Better school, all else is good as is	Wed, 3/25/09 7:58 PM
Find	**55.**	Keeping in mind this being a part of Colorado history. The new generation, not forgetting the importance of what was. A healthy new respect for the past. Therefore an honest living.	Wed, 3/25/09 7:43 PM
Find	**56.**	Natural environment still healthy , beautiful and viable. Still easily walkable, still a nice variety of services downtown, plus a few more nice restaurants and B&Bs. Still community-focused not consumerism focused. Solar and wind powered. Plenty of open space for creative play, exercise and relaxing. Many arts and music events and opportunities. Still a strong sense of place, history, community. Services such as post office, library, town hall, senior center, still in town senter, still walkable. Calm, inviting entrances to town.	Wed, 3/25/09 7:07 PM

Find	**57.**	A town that is self-sustainable, thriing and resilliant to economic and environmental ups and downs. A town that has diverse economic growth from retail to small businesse to light industrial. A focus on the community needs - a place where citizens can shop for basic needs, work in town at established businesses or from the comfort of home in a high tech town with wireless internet/phone services.	Wed, 3/25/09 6:35 PM
Find	**58.**	Similar size, updated infrastructure, sustainable living, reasonable water rates.	Wed, 3/25/09 6:09 PM
Find	**59.**	Strong schools, easy grocery shopping and restaurant choices.	Wed, 3/25/09 5:43 PM
Find	**60.**	A model of environmental sustainability, a town in which a person can live and work yet still retains the quiet of a small town. Availability of mass transit to get to Boulder, Longmont and Estes Park. A town that is a "jumping off point" for many oudoors recreational activities in the surrounding area. Availability of most basic needs such as healthcare and groceries. Continued availability of unique entertainment options like High Street concerts, Planet Bluegrass and Art walk.	Wed, 3/25/09 5:32 PM
Find	**61.**	I was blessed and spoiled to be able to work in Lyons for my first 15 years of living here. Wish there was more opportunity to do that now. Would like to see Lyons made more afforable to live and run homes. Would like to see the town be more supportive of existing businesses. I do think that over all we have a good reputation as a desirable place to live. Hard not to be a bedroom community mid- Longmont, Boulder, Denver and Etes Park being so accessible. Need to promote our uniqueness while keeping small town feel. Need to be innovative and creative in what we offer to area.	Wed, 3/25/09 5:08 PM
Find	**62.**	Financially stable town, good education (I've heard the school is good, although we have no school aged children.	Wed, 3/25/09 4:41 PM
Find	**63.**	Lyons can be a healthy, environmentally friendly small town that need not rely on the automobile. Lyons' needs the addition of higher paying jobs (not supermarket jobs). Continue to improve sidewalks, crosswalks and paths. River protection (no more concrete in the St. Vrain).	Wed, 3/25/09 4:28 PM
Find	**64.**	A viable downtown. I think Lyons is about the right size for permanent residents, but it needs to appeal to tourists coming and going to the mountains.	Wed, 3/25/09 4:16 PM
Find	**65.**	Strong town center, emphasis on arts and environment, sense of community.	Wed, 3/25/09 4:06 PM
Find	**66.**	More frequent us schedule including one to Longmont, affordable housing, being able to sustain and live in Lyons. Being able to afford to shop and work in Lyons.	Wed, 3/25/09 3:46 PM
Find	**67.**	Small van taxis regularly to Longmont and Boulder. Dorothy's Natural Food Store.	Wed, 3/25/09 3:37 PM
Find	**68.**	It would not be too much different except that business and downtown would be more vibrant (restaurants and shopping) and I would hope that a diversity of socio-economic people would be able to live here.	Wed, 3/25/09 3:09 PM
Find	**69.**	Good schools, small town, recreation.	Wed, 3/25/09 2:53 PM

Find	**70.**	A more well developed downtown area to be proud of - possibly seek employment. Do not want to see more housing developments.	Wed, 3/25/09 2:46 PM
Find	**71.**	Any improvements for the good of the town but keep the history alive. Don't try to change the small town feeling.	Wed, 3/25/09 2:26 PM
Find	**72.**	A bustling but small and charming downtown. Dog friendly outdoor rec. Parks that can be enjoyed first and foremost by the people who live here.	Wed, 3/25/09 2:18 PM
Find	**73.**	A. Public transportation where people could take RTD, ride or walk one of the beautiful trails. Enjoy a nice lunch and return, meaning RTD needs to add 9am , 1pm and weekend service. B. A reasonable set of stores, ie safeway and walgreens. C. Get a $10 million grant to improve the town architechture between 2nd and 4th. D. A signal light at 36th and McConnell Drive means a safe method for people to enjoy the trails on the west side of 36. E. Reduce the speed into town from 36/66 to 40mph.	Wed, 3/25/09 1:57 PM
Find	**74.**	Good public transportation and schools. Reasonable priced housing and utilities.	Wed, 3/25/09 9:06 AM
Find	**75.**	A small town atmosphere with increased commercial & job opportunities with increased tax revenues to support town activities.	Tue, 3/24/09 12:07 PM
Find	**76.**	Less development; better trail network around town.	Tue, 3/24/09 9:53 AM
Find	**77.**	open space, community spirit, tourist attraction, family-oriented, social gathering places	Tue, 3/24/09 6:08 AM
Find	**78.**	Not one that is run down and not self sufficient, this town need to change dramatically if it is going to survive for the next generation. The "old guard" either needs to move away, die off, or not be listened to anymore. Please think and act progressively!	Mon, 3/23/09 8:04 PM
Find	**79.**	There is a wonderful small-town character about Lyons. I think that the downtown area needs an uplift physically. Stores also need to be open on a regular basis. The town does not have an appealing look as you enter it from both directions. U-Pump It is first impression. Grocery store is first impression. When I would travel to RMNP, I never stopped in Lyons - always drove through. My impressions left me with the following judgements: poor town, no money, food that could not possibly be fresh. There is nothing "charming" about RT 36 corridor with businesses.	Mon, 3/23/09 7:52 PM
Find	**80.**	Core town size not much larger than now. Preserved natural, scenic character. Thriving, unique independent shops and restaurants. Top performing schools. A full service grocery store. We're a bedroom community for Longmont and Boulder, don't expect or want industrial job growth.	Mon, 3/23/09 7:38 PM
Find	**81.**	Public transportation to Boulder and Longmont, perhaps even to Rocky Mountain National Park.	Mon, 3/23/09 6:43 PM
Find	**82.**	open space, parks, good schools	Mon, 3/23/09 4:12 PM
Find	**83.**	A well developed business model (see what I don't like about Lyons); better public transportation (more service and on weekends); I'd like the schools to be known as some of the best in the State. I'd love it if Bohn park was developed into more than just a giant open piece of dirt (lots	Sat, 3/21/09 10:57 AM

		more landscaping and environmental family attractions). Continual support and growth for events like Good Old Days, Planet Bluegrass, outdoor activity events, etc... More support and growth for Arts/cultural activites	
Find	**84.**	A small but economically thriving community that is seen as a desirable 'outpost' to Boulder and Longmont, with viable options for shopping and entertainment that would not only provide options to locals but be strong enough to bring people to Lyons from Boulder & Longmont as well as those passing through to Estes Park etc.	Thu, 3/19/09 12:36 PM
Find	**85.**	A relatively self-reliant town. Gardens everywhere. A place where people don't hide away in their homes watching television. A place without cars and big noisy diesel trucks.	Thu, 3/19/09 9:07 AM

Find	**91.**	I would love to see Lyons become a sustainable community that is attractive to through travelers and newcomers. There should be more times when the bus runs into and from Boulder. Find	**119.** Do you understand that Lyons is a small geographic basin?? Whatever planning is done must realistically and beneficially fit within this SMALL basin - if it doesn't the basin will be a crowded, noisy, congested, smog-ridden mess. So look toward creative in-fill that leaves open space INSIDE the town. Look towards LIMITING growth. Look towards encouraging sound "meet people's needs-type buisnesses" to replace what are currently weak businesses located within existing buildings. This is a particularly poor questionnaire that will encourage and justify trash growth. This questionnaire is just like the previous one!!	Sat, 3/14/09 6:05 PM
Find	**120.** Small and simple is just fine.	Sat, 3/14/09 5:59 PM
Find	**121.** Same as today with the addition of a more vibrant and alive downtown.	Sat, 3/14/09 5:49 PM

Find	**124.** Town with better (more often) bus access to Boulder, a healthier downtown business district, but still a bedroom community for most residents who work in Boulder or Longmont. A town without an overbearing set of rules/laws governing dogs, parking, trail use, traffic lights, etc.	Sat, 3/14/09 1:43 PM
Find	**125.** Little change Less "trails" and what has been needed forever - a good place for youth to hang out	Sat, 3/14/09 1:17 PM

Find	**132.**	(funny that schools is misspelled above!) Public transportation, clean air, clean water, local food, local entertainment, etc. Fun, endearing, rich in resources and culture -- a real small town. Not a stop in the road or bedroom community, but a desirable home and good place to live and visit.	Thu, 3/12/09 2:47 PM
Find	**133.**	No town. I'd like to see a non-home rule situation like Pinewood Springs. We can't grow, and we can't continue to increase taxes.	Thu, 3/12/09 11:28 AM
Find	**134.**	Economically and environmentally sustainable community with strong schools and bike-able, walkable community. I don't see how the town can help with healthcare, but if it can, great. A vibrant community full of creativity and celebrating the arts and environment.	Tue, 3/10/09 10:28 PM
Find	**135.**	First, I don't care about 30 or 40 years. But in the short term, like 5 to ten years, I hope Lyons is a "prettier" place than now, has more shopping, entertainment, restaurants and housing, but still maintains the beautiful mountain views we all love.	Tue, 3/10/09 6:41 PM

Find	**139.**	supermarket? better sidewalks and walkways in/into town keep the small town feel	Tue, 3/10/09 10:32 AM
Find	**140.**	This is alot to respond to...in short, a vibrant, dynamic small town that is a model for the relocalization and transition town movements...a localized economy (jobs & shopping), localized food production (a model community garden and neighborhood supported agriculture movement), a health river ecosystem that is a major attractor for recreationists, localized energy production (wind power from turbines lined along the surrounding ridges & solar panels in open fields), etc..	Mon, 3/9/09 11:29 AM

Find	**141.** The next generation won't be able to afford to live here.	Mon, 3/9/09 10:54 AM
Find	**142.** Would like to have a community center where residents can gather socially, maintain nice parks and have a town that has better restaurants and shops. Ex: downtown Niwot and downtown Lousiville.	Mon, 3/9/09 8:31 AM
Find	**143.** A self-sustaining, economically strong community that retains its unique charcter.	Sun, 3/8/09 1:14 PM
Find	**144.** Small town preserved in the middle of a metropolis. Commercial/residential buildings are dense and quaint, historical character preserved. Walking town with high quality restaurants/shops/entertainment that have national reputation and draws people from all over to visit. Still safe for kids and great place to raise a family for a diversity of incomes. Stable, vibrant economy with local (anchor) businesses still intact such as the family-owned quarries.	Sun, 3/8/09 12:42 PM
Find	**145.** Good schools, good shopping, nicer looking areas, a grocery store!!	Sun, 3/8/09 9:40 AM
Find	**146.** small town, more land zoned for business, no more residential annexations, sidewalks, bike paths and lanes	Sun, 3/8/09 9:01 AM
Find	**147.** A town that has maintained the relaxed, friendly small town character. One that continues to offer seasonal events for revenue and community engagement. No walmart please. No more mountain areas developed. (stop drilling for water) Only develop to the east please...residential, with parks. conscientious, non congested, outdoor "green" focus as growth continues. Safe for walking on the streets even after dark. Kid friendly. Good schools with variety of programs. Develop the recreational aspect for revenue. No malls please. Yes, health clinic and vet clinic. Better transportation/shuttles to Estes Park to limit congestion on Hwy 36. CLean Technology industries expanded as other business offerings. Movie Theater would be nice. Keep the great trail systems and open spaces.	Sat, 3/7/09 5:28 PM
Find	**148.** easy access to rivers and parks, sense of community, pride in schools	Sat, 3/7/09 4:20 PM
Find	**149.** The same swimming hole in Meadow Park. The best little town for parades. A destination town for biking, kayaking, hiking, and MUSIC. Definitely, the best small schools in the state. A wonderful medical clinic. More commercial zoning, just east of town, to supply about 50-100 more jobs. A downtown with a few good eateries, a small hotel (!) antiques, Stone Cup, art galleries, and other tourist oriented shops. With light industry moving east of town, hopefully, the owners of those in-town lots could develop some less costly housing in town.	Sat, 3/7/09 12:01 PM
Find	**150.** A very small downtown that looks well-maintained, with more flowers, trees, an attractive downtown appearance, 5 or 6 nice restaurants. This is a bedroom community and cannot sustain very many retail businesses with 3 major towns within 20 minutes drive. Businesses being shut down and for sale is a more depressing atmosphere than if they were not there. Transportation, recreation, schools, healthcare, housing diversity, entertainment, social gathering places are fine as is.	Sat, 3/7/09 11:10 AM
Find	**151.** Would like to see a more thriving downtown like Niwot.	Fri, 3/6/09 4:46 PM

Find	**152.** Maybe similar to what it is now with a bit more excitement about town	Fri, 3/6/09 4:07 PM
Find	**153.** An example of environmental sustainability (thriving local food production, lower energy use, etc.), a vibrant downtown where people congregate day and night, great bus and trail linkages with Boulder and Longmont, our history preserved and showcased, schools the best in the district.	Fri, 3/6/09 3:45 AM
Find	**154.** The town does not change much, open spaces surrounding town still exist, better bus service to Boulder, more affordable housing options.	Thu, 3/5/09 5:38 PM
Find	**155.** Would be nice to have more/better amenities (grocery store, bigger library, etc.) in town to avoid trips to Longmont or Boulder for these services. Would also be nice to have better and more frequent public transporation to Boulder & Longmont. Schools are good, and like the mix of neighborhoods, parks, etc. Would be nice to have more job opportunities in town.	Thu, 3/5/09 5:09 PM
Find	**156.** As much as possible the same as it is now.	Thu, 3/5/09 2:01 PM
Find	**157.** a small bus on call for Longmont and boulder. No more houses, lofts, condos, multiple houses. Jazz as well as Mtn music festivals; return to excellent restaurants.	Thu, 3/5/09 1:42 PM
Find	**158.** A mix of adequate housing, transportation, shopping and open space.	Thu, 3/5/09 11:20 AM
Find	**159.** 1. More of a self-contained community with available 2. Health care and basic shopping sources for food and staples. 3. An attractive town: A town that has an appearance that shows people take pride in their town and property. 4. A clear definition between commercial/industrial areas and residential areas. 5. Neighbors respecting each other. 6. Clear air to breathe.	Thu, 3/5/09 12:09 AM
Find	**160.** A sutainable vibrant community! Still maintaining it's small town values. Beautiful-	Wed, 3/4/09 8:59 PM
Find	**161.** I would like to see more locally-grown food for sale in town, perhaps at a farmer's market. Love the growing music scene and the local musicians. We'll need more senior housing and assisted-living support. Healthy, reasonably-priced restaurants would be nice, too.	Wed, 3/4/09 5:46 PM
Find	**162.** Grocery store, bike paths, more restaurants, some sort of nightlife, attractive downtown, rec. center with pool	Wed, 3/4/09 5:11 PM
Find	**163.** self-sustainable town recreation and schools need to be top knotch No chain restaurants, shops, etc. Locally-owned. Ethnic diversity=housing diversity	Wed, 3/4/09 2:23 PM
Find	**164.** still a town of smallness, just updated to offer those items described above in a sustainable manner. our town already has great schools, entertainment and a wonderful "feel" to be in. i would hope that will be carried to future generations. music has been such a significant aspect of our town's reputation, it would be great to expand on that. not only offering entertainment, but hopefully drawing artists here to live and work. an updated town hall/community center/library/historical museum and visitor center would be an extraordinary addition to the town now and in the future.	Tue, 3/3/09 5:01 PM

Find	**165.** More bus service to Boulder; bus service to Longmont; more biking/hiking trails; a bike lane on US 36 (between town and the light at CO 66); fewer huge houses in the hills north of town; more outdoor sports festivals; more affordable housing/condos in town, especially for seniors; no franchises beyond Subway and Diamond Shamrock (more indie businesses); the proposed shopping center east of town; larger library; bigger history museum.	Tue, 3/3/09 3:46 PM
Find	**166.** A completely self sustaining economy and maintained undeveloped space and large amount of recreation opportunities. A thriving downtown for locals and guests.	Tue, 3/3/09 2:03 PM
Find	**167.** A balanced sustainable Lyons that has not needed to greatly expand like Superior to survive and with citizens who work together with those in the town and in surrounding areas for mutual benefits.	Tue, 3/3/09 12:03 PM
Find	**168.** Not much different than it is today. Stronger down town businesses, safer crossings and biking lanes. Trail connections to Longmont and points south.	Mon, 3/2/09 10:25 AM
Find	**169.** Better public transportation options, a healthier downtown district with businesses that can thrive in our small town environment, no new developement - only regentrification, more biker/walker friendly streets, a more unified town government, and well maintained river-side parks.	Sun, 3/1/09 11:23 PM
Find	**170.** I think the small town feel is important, but with more frequent buses to town both Boulder and Longmont, better Library(maybe connect with Boulder?) more restaurant choices, grocery store, other shopping would be nice, but with the way our town treats business is that really possible? Restaurants can't even serve beer due to the proximity of a school? Ridiculous...how do you expect to attract other reaturants when we seem so unfriendly to who we have?	Sat, 2/28/09 2:02 PM
Find	**171.** A small peaceful town full of places that brings in visitors who are interested in music, bicycling, and other recreational activities. Self-sustaining without building homes. I'm not a cyclist, but I think we missed the boat in not building the Velodrome. Boulder did build it, and it will bring in so many more people to Boulder. If we built it, so many more visitors would have come to Lyons. I have no idea why we didn't go for this. Again, to me, it seems like a lot of time planning and not doing.	Sat, 2/28/09 12:38 PM
Find	**172.** A clean, safe, energy efficient town where local business can thrive. I would hope to leave Lyons as a place that would be a Front Range as well national destination where visitors feel welcomed and they would use Lyons as a jump off point to explore the local area and surrounding mountains. Some amenities that would help attract visitors and serve the local Community would include: Expanded bike and walking paths, new hotel, wider variety of shops and restaurants and maybe even a large indoor/outdoor solar heated pool with natural features and hot tubs. A significant improvement would be to lower the speed limit on 66/36 from the intersection on the East end of town. This might attract more businesses and visitors to roadside establishments along that stretch.	Sat, 2/28/09 11:13 AM
Find	**173.** Lyons needs a grocery store	Fri, 2/27/09 7:13 PM

Find	**174.** If not for the core group of Citizens Against Virtually Everything (CAVE) we would have a new community center and library complex. I would also like to see sidewalks throughout the town wherever there are residences or businesses. I would also like to see better upkeep of the parks.	Fri, 2/27/09 1:43 PM
Find	**175.** small town atmosphere with weekly downtown summer Farmer's Market with music, food and crafts; shopping in small locally owned shops, restaurants;outdoor and indoor activities for kids, dogs and adults.	Fri, 2/27/09 11:22 AM
Find	**176.** a nicer community center, a public montessori school!!!!	Fri, 2/27/09 9:25 AM
Find	**177.** Small town that still has charm. Great schools. Outdoor recreation. Clean and safe neighborhoods, streets and parks. Good restaurants and entertainment.	Thu, 2/26/09 5:04 PM
Find	**178.** Excellent public schools; shopping that includes at least one healthy, green grocery store and lovely arts and galleries; more mass transit transportation that is based on non polluting energy sources; recreation that includes more diversity of choice; universal healthcare that includes holistic modalities; more entertainment choices besides the wonderful music already here!	Thu, 2/26/09 3:12 PM
Find	**179.** Economic and environmentally sustainable community	Wed, 2/25/09 9:30 AM
Find	**180.** A self-sustaining diverse community that can provide most residents' needs, and still offers a peaceful break from the hectic world.	Tue, 2/24/09 4:22 PM
Find	**181.** A very walkable town with a concentrated, attractive, and viable downtown--not development to the east except for attracting green, light manufacturing and businesses.. Develop beginner mtn bike trails in Bohn park open space for children, connected loops of trail around town. Excellent schools. Clean/green public transportation. Off-grid renwable energy common around town. A strong sense of community---giving, helping, making things happen.	Tue, 2/24/09 12:55 PM

I wish I couled wlak all over safely and let my kids roam. However, due to the dangers of the highway and lack of continuity of path/sidewalks that is not possible.	Sun, 4/5/09 4:43 PM

Find	**11.** The most impotant issue for us is improved dog-walking off-leash at Bohn Park and on adjacent public lands. We feel strongly that downtown would benefit greatly from improved access to Hall Ranch directly from town. Commercially, we need a full-service grocery (open after 6...) and more hip restaurants. Dave is very good and very nice, but maybe we want to keep that PT and we should refocus on bringing in competitions to raise money.	Wed, 3/25/09 7:58 PM

Find	**25.** Complete the trail along Hwy 66. Find ways to enlive3n downtown businesses (e.g. liquor licenses for restaurants). Recruit the right businesses for downtown. Encourage b&bs. Provide information pamphlets on town's resources - where does our water supply start and end? Where do our recyclables go? Where is our electricity generated? Demo projects for solar and wind. Net metering. see bluenergyusa.com	Wed, 3/25/09 7:07 PM
Find	**26.** Lyons is very dog friendly. Let's make sure there are safe places to walk a dog with the kids and a stroller.	Wed, 3/25/09 6:09 PM

Find	**28.** RIght now Lyons has a chance to pick the direction it is going to go in the next phase of its existence. I think we could become a model town of environmental and economic sustainability. We all love Lyons and need to move beyond the bickering so we can get something done. We all want to maintain the quaint, small town, historical character. But we need to improve the ability of people to live and work and thrive here.	Wed, 3/25/09 5:32 PM

Find	**30.** Thanks for asking my opinion. I often work ten-twelve hours a day and am unable to participate in town hall meetings, etc. This is a good way to get additional input.	Wed, 3/25/09 4:16 PM

Find	**31.** I personally think small maybe 6-seater vans and more services to Longmont Boulder and Estes Park would be better than 1(if that) huge bus going back and forth twice daily. I don't want parking improved downtown if it's going to look like Ralston St. Regarding conservation efforts: I don't know what our town does other than EcoCyde. I don't see much of any of recycling bins in our parks. And then there's CEMEX....Yikes.	Wed, 3/25/09 3:37 PM
Find	**32.** Please raise the park use fees for outsiders. When the Lyons people want to use the park it is already full of Longmont people. I have a Lyons Park sticker and have never been able to use it on weekends. Check the damage at the Meadow Park and all the "Spanish" disfunction. If you raise the rates, the parks will be better.	Wed, 3/25/09 2:26 PM
Find	**33.** 1. Great to see the survey. 2. Need late morning, early afternoon an weekend RTD service. 3. Need traffic design on east side of town drastically improved - reduce speed from 50 to 40 mph, it is a gauntlet for bike riders in town with curb giving and taking away the bike lane. Need traffic or control for pedestrian crossing at 36/McConnell Dr. THere is no walking path on the east side of 36. Walking on the bike trail is very dangerous, accessing 36 to get to the beautiful trails, school, etc.	Wed, 3/25/09 1:57 PM
Find	**34.** Cemex causes most of our bad air quality. Our recycling program is limited to plastics 1 & 2 only; we need to expand that to all plastics.	Tue, 3/24/09 12:07 PM
Find	**35.** What makes (made) Lyons unique was being set off from the rest of the Front Range in an area where growth was somewhat constrained due to topography and open space. The town has been a great location to raise a family. We moved here because we loved what Lyons had to offer as it was (small town close to open space). We didn't (and don't) want it to become just like everywhere else on the Front Range with each new development that is built. All annexations, regardless of size, should be voted on. Let the people determine the shape of their community; not those with just financial interests.	Tue, 3/24/09 9:53 AM
Find	**36.** Need sidewalks - not safe for young moms and kids. Thanks for asking!	Tue, 3/24/09 6:08 AM
Find	**37.** This town needs to become cute and fun if we want people to come and spend money here. Old, delipadetaed and boring does not cut it. There is a good start with the music, outdoor and art activities. Revamp downtown! who cares if we become like Telluride - that's better than becoming a ghost town!!	Mon, 3/23/09 8:04 PM
Find	**38.** Some homes in Lyons look like junk yards. Downtown looks like a dump. Husband and wife filled out together.	Mon, 3/23/09 7:38 PM
Find	**39.** In addition to #15. Lyons downtown has some character (but not a lot). Major improvements could be made to make sure it still has that small town charm - but also light a little fire under it's butt - so that it doesn't have a depressed feeling (which it also has now). Also the grocery store at the end of Main St. is a dump. And the very few times I've been there (out of complete desperation) I continually find expired items. The health dept. should have a look in there. I really, really, really wish we had an affordable grocery store - which wasn't too big, and was located in an area that is convenient for Lyons residents, but would not interfere with any	Sat, 3/21/09 10:57 AM

neighborhoods.

Find	**40.** We continue to be very disappointed in the small but vocal contingent who opposes development and progress, and is willing to spread misinformation in their opposition to change. Lyons has potential to be a vibrant and thriving community, and maintaining the 'character of Lyons' should not mean that it doesn't develop or improve businesses and new housing. The physical environment and history of Lyons are anchors in defining its character, and while the people who inhabit the town may change over time, that only enhances the appeal and the character of the community. We welcome progressive change and growth, as long as it's done with good taste and consideration of maintaining the physical beauty of the area in which we live.	Thu, 3/19/09 12:36 PM

Find	**44.** The lack of programming in Parks and Rec needs to be dramatically changed. There are many opportunities to improve and potentially make these types of activities a destination or reason to come to Lyons.	Tue, 3/17/09 8:58 PM
Find	**45.** I am proud to say I choose to live in Lyons and have for 29 + yrs. I commute a min. 35 mi 5-6 days/wk & did not own a car until 1997. My personal opinion is that Lyons can become an even more amazing town by utilizing natural resources, renewable energy, keeping the chain stores & restaurants out. Public transport must be upgraded (have you ridden the 7am bus lately?), public officials need to be responsible & accountable by taking all ideas into consideration & make the public opinion their agenda and not just their own capitalistic, greedy personal gain for themselves and special interests. Developers need to be accountable and must pay dearly for the privilege of taking precious space & should be required to use renewable energy. I love my town and I want it to grow but only for the right reasons. Walmart, Safeway, Starbucks is not the answer. When can we take our water rights back? Thanks for letting me speak my mind. See you Apr 14th!	Tue, 3/17/09 11:54 AM
Find	**46.** Please DO NOT do any additional development in Bohn Park. We like that the town isn't overrun with street lamps, and we can still see lots of stars and enjoy the night.	Mon, 3/16/09 5:59 PM
Find	**47.** Please don't screw up this town. We already have one Boulder, one Estes Park. Leave Lyons alone!	Mon, 3/16/09 5:32 PM
Find	**48.** Lyons could eb great if we concentrate our efforts on helping new local businesses thrive and work towards creating a beautiful, busy downtown area where tourists can stop and want to stay. Find	**51.** Just yesterday, Subway went under after 10 years. We have to help promote local businesses. We need to increase recycling containers. We need to take back Meadow Park for local use.	Mon, 3/16/09 4:28 PM
Find	**52.** we all need to work together for the future of this town. Please work on the Main Street area - awnings? Flowers and parking! People will stop if it is visually appealing! Please address the overcrowding issues at Bohn/Meadow Park on weekends.	Sun, 3/15/09 9:30 PM
Find	**53.** 9. In order to keep the small town atmosphere we can't be annexing across HWY 36 - we can't afford to put in the services and it isn't within walking distance or is the idea to move the shopping out there and abandon downtown? Special interests involved? 30. Repair the sidewalks with good Lyons sandstone. How about curbs and gutters? Some sidewalks need to be repaired, but I don't mind walking in the street. A lot of people walk in the streets. High St. between 4th and 5th is a disaster. It is hard to drive and hard to park. big vehicles stick out into driving lanes. It is ugly and dangerous and should be changed back. Leave Main Street alone! We don't need back-in diagonal parking. If you want congestion, that should do it! Why do you want to keep narrowing the streets?	Sun, 3/15/09 9:20 PM
Find	**54.** If new businesses come to town or want to be annexed into tow, they must pay their own way including all infrastructure, annexation fees, etc. I do not want their pockets lined ith more taxes or Town giveaways.	Sun, 3/15/09 8:33 PM
Find	**55.** We are facing a global environmental crisis. Please, let's be a leader in sustainability and in reducing our impact on the environment. Please, let's start by getting energy/eco audit for the town of Lyons to help the town become more sustainable and set an example for all citizens. Thanks for doing this survey. Find	**58.** Before you raised the water rate sky high, Lyons was a beautiful well maintained little town, now all you see is dead grass and weeds. It makes the town look trashy,and no matter what you do won't change that until you get reasonable with the rates so we can make the residential areas beautiful again. Put a small recycle container by the others for plastic bags.	Sat, 3/14/09 6:53 PM
Find	**59.** I would like to see more local contractors working on construction jobs in town.	Sat, 3/14/09 6:51 PM
Find	**60.** I am waiting for some action/tourist kinds of things to bring people to town -- enjoy the day - then go home. A way to spend their money - historic tour, park tour, quarry tour, sidewalk sales, special events. Will there be a marketing section in the comprehensive plan to incorporate these kinds of activities - some ideas of what we can do for economic development? committee that said it was read. It seems to have faded away!

Find **61.** If I had wanted to live in a larger town with lots of businesses and services, I would have moved to one. The nature and quality of businesses and services in Lyons can change to provide greater diversity - but don't try to recreate a tiny version of Longmont - it just won't work. There are too many back room deals in town government, and lack of good judgement/common sense encourages projects that have little or negative merit, and issues that are voted down (at cost to the town) are brought up repeatedly trying to get them passed. MANY people are fed up with this!! Sat, 3/14/09 6:05 PM

Find **62.** The " clean up" day's are greatand help keep Lyons "clean." Sat, 3/14/09 5:59 PM

Find **63.** Please improve the safety of 36 & Stone Canyon Drive. Intersection too dangerous to cross by foot or bike or make left turn from Stone Canyon to south 36. Current character of downtown is old and dusty antique stores - don't maintain. Husband and wife filled out 1 survey together. Sat, 3/14/09 5:49 PM

Find **64.** I want to maintain the flagstone look that we're known for. We should have more festivals throughout the year. Maybe a recycle art contest and display weekend and more summer use of the state in Sandstone Park. If things were going on there a lot, people would think this is a happening place! I'd like to see artists and painting in Sandstone Park (a "Paint in the Park" day --). I'd like all of LYons to have a huge garage sale day -- half the people do it Saturday and half do it on Sunday. How about showing a movie in the park some night? The more peole see going on in Sandstone Park, the better. A restaurant tasting day or a wine event. A beautiful dog contest on the stage. Some jazz or classical music. WE really need new art on the triangle corner where the other art was! (NOT a lion! Please!) An affordable farmer's market! A crazy car parade. A unicyle/tandem or decorated bikes parade. A pet parade or look like your pet parade. Street bowling? (Hey, I'm just brainstorming!) Cheaper dues for chamber of commerce. One way and stop sign coming out of Oscars to Main STreet needs to be changed to the WEST side of the driveway, not the east side. Drivers constantly look WEST to see if someone's coming, then turn the wrong way down Main Street. I see several cars a week do that. Fri, 3/13/09 7:29 PM

Find **68.** This town has a lot of potential to be a place to cultivate beauty and abundance - hopefully we can all work together and your data is not all over the map. It would be great to have local jobs for the teens at the Soda Fountain provided back when... How do towns this size fund themselves in the Nederlands and in Sweden? Can we find examples worldwide and adopt a new innovative sustainable zero waste model as opposed to the growth without limits outdated model? Thu, 3/12/09 2:47 PM

Find	**70.** besides continuing to improve our tax base, PLEASE support efforts to make the town of Lyons more appealing to the eye -- at first look, this town looks like a ghost town -- let's use all our efforts to help beautify Lyons	Tue, 3/10/09 6:41 PM
Find	**71.** we want to acknowledge all of the good work that has and is being done to make Lyons a great place to live. But: the St Vrain market, right on the main corner of town, is emblematic. As long as the town is willing to tolerate a place that looks that bad in a prime and highly visible location, progress is going to be tough. Thanks for asking.	Tue, 3/10/09 1:39 PM
Find	**72.** I love Lyons, but would like to see some changes made, so that the small businesses can thrive better. Wish the Soda Fountain was open again. Would also love to see better parking, more side walks, and more cross walks.	Tue, 3/10/09 11:59 AM
Find	**73.** Attracting new businesses along Main St., grocery, restaurant and retail should be THE priority for Lyons right now. With most spaces for sale or closing, the core of the town is on life-support and will continue to dwindle. I realize the EDC and PCDC are focusing on this, so it's preaching to the choir...but it needs to happen soon!	Mon, 3/9/09 11:29 AM
Find	**74.** Lyons in no longer Lyons. It is no longer "home". A sad thing to watch the character of our town disintegrate and become North Boulder. I wish we had left 15 years ago. Our children and grandchildren can't afford to live here now and have all left. The time is rapidly approaching when we won't be able to afford to live here any longer and will be forced out. But they say that's progress.	Mon, 3/9/09 10:54 AM
Find	**75.** Lyons is a great little town that has so much potential. We have many great resources that we can tap into. Look at what other small communities have done to make themselves a destination location (ex: Downtown Niwot and Downtown Louisville). If we improve our downtown and improve our restaurants people WILL come and other businesses will thrive because of it! We can do it!	Mon, 3/9/09 8:31 AM
Find	**76.** Survey is comprehensive but rather long. It takes more than "a few minutes" to do, and recommend that you try to shorten it where possible for the future. Where and when will I be able to see the results? Thank you for creating the survey and soliciting resident input.	Sun, 3/8/09 12:42 PM
Find	**77.** I really like the town of Lyons. I can't stand the trashy appearance in and around Lyons (i.e. the broken down cars, etc. and rundown areas). I think that Stone Canyon needs a stoplight so we can safely cross the street to use the town ammenities and I think that the town needs to do everything that it can to attract new business (grocery store!) to keep locals in town and tourists shopping here.	Sun, 3/8/09 9:40 AM
Find	**78.** As mentioned, I'm returning after a couple of years absence. Things have "changed" but still seems reasonable growth is happening. Find	**79.**	We feel strongly that Lyons needs a grocery store and also improvements to the Main Street area and also 36 entering Lyons. Store fronts and restaurants needs painted and better maintenance. Lyons needs to improve look to attract more tourist activity. Black Bear Inn and Andreas are examples of a need for better maintenance and upkeep. Lyons needs to find a way to attract retail that will make it more like the little town of Niwot.	Fri, 3/6/09 4:46 PM
Find	**80.**	Lyons is a bedroom community. The commercial area should not try to compete for basic staples such as groceries or clothing. It should focus on restaurants, antique stores and other specialty stores that are attractive to tourists and visitors. The downtown plan should be revised by someone who knows basic planning. No additional annexations should be allowed. Lyons is a great town as it is. I believe most people want it to stay basically the same with the only exception of a stronger downtown. Prohibiting offices on the first floor on main street could help to encourage retail. There is not enough retail or entertainment critical mass right now. The coffee shops are good. Local entertainment options, especially music, is great and should be capitalized on. A better outdoor music venue a la the riverside ampitheatre in Estes park could make money for the town and draw folks. the little stage in the park is nice but inadequate. The comprehensive plan should preserve the quality of the residential areas, encourage commercial growth in the downtown, not along 66 to the east of town and prohibit any additional annexations. Find	**82.**	Re: Question 15. "Downtown Character" This quality of "character" cannot be "maintained". It changes naturally with the characters and the times. Or it can be "planned" as some false overlay as we see around us in master planned suburbia. Lyons is near perfect in most respects. Those who are disappointed please move to where what they want is already in place (examples: Rec Centers, Parking Lots, Big Shopping, Traffic Lights, Subdivisions, Big Government, Regulations). Find	**84.**	Lyons is a nice town. Development should retain that flavor and not try to be like Longmont or Boulder. We also have to be careful about catering too much to organized recreationists like the Mountain Bike Assoc. They want access to trails, but they seem to want to USE Lyons and leave. I don't see that they contribute much to our community or even care about it.	Wed, 3/4/09 5:46 PM

Find	**86.**	I know how important it is to plan. However, my fear is that Lyons will plan and plan, but will not do anything. If we already have a Comprehensive Plan, I agree that it should be updated regularly. However, the existing planning hasn't improved Lyons economic standing. We need change and we need it now! I know it sounds easy and is hard, but too much planning	Sat, 2/28/09 12:38 PM

	and no action is not helpful to the economic situation of our town. I will help in anyway that I can. We need to increase visitors to our town. There are not enough citizens in Lyons to bring in the sales that will bring in the dollars. We don't make enough money to afford to buy in the cute small shops. So...consider that Lyons citizens will probably always shop at Super Walmart. We can still bring in money to this town. Tourists (local and non-local) will bring in the money. We just have to bring them in. Remember the Field of Dreams...if you build it, they will come. Think of what the Velodrome could have brought in. (Remember...I'm not a cyclist.) Why didn't we say yes to this? There wasn't even a vote. Everyone's complaining that we have to address bringing in revenue as we're in build out, but others are only complaining about not having a traffic light (people bought expensive houses knowing there was no streetlight...the community there isn't offering to all chip in to build the traffic light). Sorry to write so much, but I care so much about getting this town on the right track. I know so many others care. We just have to do something!! Invite the musical community, the bike community, the arts community, the dog-loving community, even the motorcycle community...to give ideas on how to bring in their communities to visit in Lyons on a regular basis. Let's think way outside the box. Thinking inside the box (existing comprehensive plans) hasn't gotten us to where we need to be....and we need to be there soon. We have no time to waste!! Thank you!! WE CAN DO THIS!!!
