

UEB Workshop Agenda

3:00 – 6:00 PM, Wednesday May 12, 2021 Walking Tour

1. This UEB Workshop will meet at the Lyons Wastewater Treatment Plant (WWTP) and start with a tour of the WWTP followed with a 3 mile walking tour to include the Bohn and Dog Park solar sites, the South Ledge Ditch, the Summit Housing site, and ending with visits to the WWTP outfall sites and Lyons Valley River Park on the way back to the WWTP. Boots are recommended as the tour will partly include off-trail walking across fields. Also bring a mask to wear at least inside during the WWTP tour.
